Motion to approve minutes of September 15, 2025

Made by: Hull

Seconded by: Powers

Minutes:

- Resident on Breen Rd hasn't gotten a permit for his pole barn. He's building it without a permit and a letter was sent reminding him he needs a permit and a letter of intent for the big hole he has dug on his property. He ignored the letter and the building inspector has issued a stop work order for the barn. The letter for the big hole was sent out after the pole barn letter, so a stop work order has not been issued yet.
- Discussed a letter sent to the planning commission asking permission to have mini horses on their property on Atwell Rd. Commission agrees but want letters of acceptance from neighbors and a manure management plan submitted
