Made by: Reliford Seconded by: Hull

Motion to approve February 16, 2026 minutes:

Made by: Hull Seconded by: Reliford

Minutes:

- > Mueller & Reliford met with Kaboom and the Community Foundation on Friday, April 17th, via Zoom to schedule the design sessions after learning we were awarded the grant from Kaboom.
- > Kaboom site walk @ Emmett Twp Hall, Kids Design Meeting, and Adult Design Session scheduled. Hoping to have a good turnout of people.
- > We don't have bases for the new benches yet. We'll create a plan to offer people for donating money to put their family name on benches. Keep adding benches to put up throughout the park with the donations.
- > Looking at getting an engraving machine so Mueller can make recognition plates for people who have volunteered or donated.
- > Interested in hanging little plates in the map/sign post. The sign post is expected to be moved.
- > Earth Day Clean Up is scheduled for April 22nd at 9:00am. St Clair County Parks & Rec, Blue Water Conservation, Pharaohs Car Club, and Sunrise Marathon all made donations of things to give the elementary school children who will be working the clean up.
- > Discussion to look at setting up a Facebook page for the Township Park. Will have further discussion on managing the page.
